Family Nurturing Center

The Family Nurturing Center is a nonprofit located in Cincinnati, OH, with a mission to end the cycle of child abuse by promoting individual well-being and healthy family relationships.

Staff at the Family Nurturing Center work daily to create a world where children live free of all forms of abuse and violence through a full range of prevention and treatment programs. So as you can imagine, their work is sometimes challenging and dark.

About the Solution

Upon consulting with the client, it was determined that the project’s goal was to create a space that provides encouragement, honors donors and gives daily inspiration.

ASI designed large colorful graphics and spaces to facilitate sharing and uplifting the voices of children and families. Unique signage and graphics elements are woven into the space, such as writable vinyl, mailboxes with notes of hope and kindness, and anodized aluminum PerFORM grip bars to hold paper and images.

Family Nurturing Center’s family-based services have an immense impact on the lives of children and families that they serve. Now, the space is bright and colorful which allows both staff and families to share positivity and hope.

**"Our job is not to deny the story,
but to defy the ending—to
rise strong, recognize our story,
and rumble with the truth
until we get to a place
where we think, yes.

This is what
happened. And I
will choose how the story ends."

**"Trust the wait.
Embrace the uncertainty.
Enjoy the beauty
of becoming.

When nothing is certain
anything is possible."
